

1

A 90° dogleg left. Correct play is to cut corner for a short iron second shot. 220 yards from Gold tee to edge of rough.

2

Accuracy off the tee a must. Target from tee is right side of fairway bunker. 215 yards from Gold tee to carry bunker. From fairway bunker across water for second shot is 175 yards. Play smart.

3

Play down left side from tee. Out of bounds lingers right. Very well bunkered green makes club selection essential for third shot.

4

Short dogleg left. Hidden pot bunker left of elevated green.

5

Easiest par 4 on course. A good tee shot will leave you a short iron to a big green.

6

A long iron or utility wood is the play from the tee. A mid-iron second shot to carry over two well placed front bunkers.

7

Club selection is paramount. An island green. Bail out area is left of green.

8

Fairway bunker and trees place a premium on a straight drive on this long par 4. Long iron second shot to an elevated green.

9

Finish front nine with a medium length par 3. Take enough club. This shot is usually into the wind and long is much better than short.

Rotonda
Golf & Country Club

HERE AT ROTONDA WE ARE COMMITTED
TO PROVIDING YOU 54 PREMIER HOLES.

SPEED OF PLAY

Keep pace with the group ahead.
Play "ready" golf (hit when ready).
Carry extra clubs when leaving your cart.
Line up putts while others are waiting.

Date: _____ Scorer: _____ Attest: _____

10  Back to back par 3's. Mid-iron to a well front bunkered green.

11  Dogleg right par 5. Play up left side of fairway to get a clear look at hole. Not a good idea to cut the corner on second shot. Trees and water catch errant shots.

12  Long par 4. Split fairway bunkers with tee shot, into prevailing wind most days makes this a three shot hole for most.

13  Good dogleg right. Over bunker is in water. Right of bunker is perfect. Mid-iron into elevated front bunkered green.

14  Lay up short of water off the tee. 250 yards to water from Gold tee. Short iron to green gives you a chance at birdie.

15  Narrow landing area. Premium on tee shot being hit to fairway. Do not try to cut over lake. Mid-iron to long green. Better be long.

16  Play down right side off the tee. Hit as much as you want for second shot. A hidden pot bunker left of the green makes third shot club selection essential.

17  Short to mid-iron places premium on club selection to a well bunkered green.

18  A good tee shot leaves a short to mid-iron to the green. To carry bunker on left from Gold tee is 215 yards. A short second shot makes for a tough save of par.
